Advisors

Bainbridge Island FC's goal from a young age is to instill a love of the game. Our International tour program allows our players and parents to visit the home of football (soccer), building on this love for football by visiting the homes of some of the biggest clubs in the world; Liverpool FC, Manchester City and Manchester United. We will attend professional games, training sessions, play in youth games and our own 6v6 tournament, learn more about the various cities and so much more.
