

Bainbridge Island FC

Injury Release Policy

If a player becomes injured participating in a Washington Youth Soccer or US Club Soccer sanctioned event during the season, the player is insured under secondary insurance via Washington Youth Soccer or US Club Soccer. Please visit www.bifc.net/parents-players for instruction and application for medical claim.

If your player is unable to participate for more than 90 days and you have a doctor's note, you may be entitled to a pro-rated refund of the registration fee (assuming the fee has been paid in full). An injury release request needs to be submitted to registrar@bifc.net within 60 days of injury.
